New and Noteworthy

A Primer on American Labor Law

Second Edition

William B. Gould IV

In understandable language and with an easily followed arrangement, this book—the first edition of which received the Certificate of Merit from the American Bar Association's Gavel Award Committee—explains the background and the development of American labor law, shows how the law works today, and explores the general principles behind it. \$10.95 paperback (Cloth \$25.00)

Lives of the Laureates

Seven Nobel Economists

edited by William Breit and Roger W. Spencer

Paul Samuelson • Milton Friedman

James Tobin • Arthur Lewis • Lawrence Klein

George Stigler • Kenneth Arrow

Lives of the Laureates brings a fresh perspective to the science of economics. Seven Nobel prizewinning economists present their own personal and professional development in a series of essays that convey the nature and significance of their contributions in a remarkably accessible fashion.

\$13.95

Who's Who in Economics

A Biographical Dictionary of Major Economists 1700–1984

Second Edition

edited by Mark Blaug

"A volume of real usefulness . . . exceedingly helpful in our day-to-day work." —*History of Political Economy*

This new edition includes 337 more entries, bringing the total to over 1,400 expanded sketches of prominent economists of the past three centuries.

\$95.00
